KEY FACT SHEET

About AECI Mining Explosives Plc

AECI Mining Explosives PLC manufactures and distributes bulk emulsion, packaged explosives, initiating systems and explosives accessories for mining, quarrying and construction. In the mining industry, they have experience across the spectrum of mining methods and minerals, including copper, coal, chrome, gold, iron, platinum and uranium.

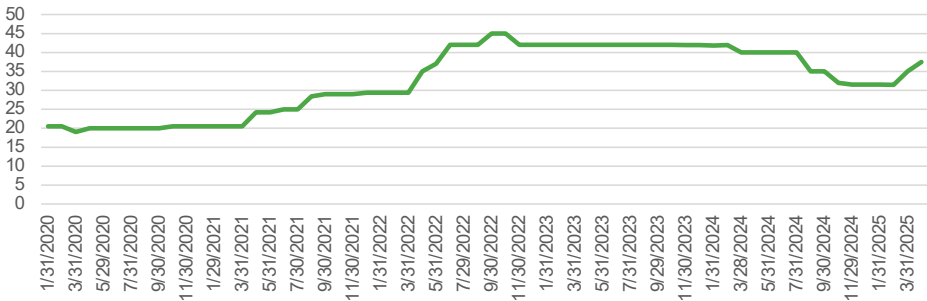

The Company's factory is located in Mufulira and has facilities for the storage and distribution of other explosives products imported from AECI South Africa. The factory is situated along the Kitwe/Mufulira Road. AECI Mining Explosives Plc's major customers include the major mining and quarrying operations in the country, as well as export markets in the Democratic Republic of Congo and Tanzania.
